

YOUR VISION BENEFITS *explained...*

Members have access to a network of contracted doctors throughout Virginia, many of whom offer evening and weekend appointments.

Coventry Health Care has contracted with VSP to provide vision benefits to members. VSP is the first eye care benefit company to be awarded a credentialing certificate by the National Committee for Quality Assurance, an independent nonprofit organization that assesses and reports on America's health care.

How to Find an Eye Doctor

Looking for an eye doctor? You can see a list of providers by visiting our website at www.southernhealth.com. Click on the "Health Care Solutions" tab. Select "Special Services." You will get the best results if you log in or register on the VSP site using your member ID number. By logging in, you see a list of only the doctors who participate in your plan. For more information, contact VSP at 800-877-7195.

Vision benefits allow for a comprehensive refractive eye exam for eyeglasses every 12 months. A copayment is charged for this visit. Contact lens exams also require a copayment. If you have a refraction exam and a contact lens exam, you will pay **both** copayments. Call to make an appointment for these services and to verify that the vision provider you have selected is still in the network. Members on an HMO plan have in-network benefits only.

Treatment of diseases and injuries of the eye are covered under your medical benefits and are not part of your vision benefits. The specialist office visit copayment listed in your Schedule of Benefits will apply to these medical visits.

Vision Services

Exams:

Spectacle	\$15 copayment
Nonspecialty Contact Lens	No copayment
Specialty Contact Lens	No copayment
